

In-Service Training

In-Service Training

In-Service Training

In-Service Training is required to keep your skills sharp and ready for you to save a life in an Emergency. An important addition to your training programs, it is provided on a regular and on-going basis for the purpose of maintaining skills and comfort level, as skills diminish without practice.

Who is this course for?

Any student who has completed an SST Training or a student who possess a certification from Ellis & Associates or ECSI.

SST Training Courses deliver:

- Latest technology, international standards and fully accredited by Dubai Corporation for Ambulance Services and Knowledge & Human Development Authority, Dubai
- Taught by internationally experienced Instructors
- Easy to learn skills in a safe, hygienic and friendly environment
- Hands-on practice to ensure skills are maintained at a test-ready level so that all students possess the skill competence necessary to save a life
- Documented proof of regular In-Service Training necessary for re-certification

In-Service Training includes:

- Refreshment of the key skills within the SST Training Courses
- Skills Drills - Step-by-step explanations and visual summaries of important skills
- Site Specific In-Service or Classroom Training at SST's Training Centre
- Available for all SST Training including ILTP™, Water Safety Plus, First Aid, Health Care Provider CPR & AED, BLAST! and PedFACTS

SST Training Courses provide an integrated teaching and learning system that offers many resources to better support instructors and prepare students to save a life.
